

F CLASS NATIONAL CHAMPIONSHIP MATCH

Winnequah Gun Club is honored to be hosting the 2008 F Class National Championship match at Lodi.

We have enough entries (140) to fill the range. The F Class shooters are a great bunch of folks. But there are many of them who would like to have target pullers. Here is the question – if we can get enough people to adequately staff the match, we would need 32 people – 28 target pullers and 4 block officers for the following days:

Tuesday Sept. 30 – squadded practice match

Thursday Oct. 2 – individual match

Friday Oct 3 – individual match

Saturday Oct 4 – individual match

We could also use people on Wednesday, Oct. 1 – Team Matches. Sounds like a lot of work but the rewards are pretty good. The shooters will pay into a fund and you will be rewarded to the tune of \$80.00 per day. Each day would start at 7:15 am and should be done by 4:00 pm, give or take. In addition to the \$80.00 a day I have seen shooters tip their target pullers for excellent target service.

If you come and pull you will be invited to the awards dinner and ceremony. This is truly a chance to rub shoulders with some of the world's best shooters.

If you volunteer for the four individual days and pull for the Team Matches, you could make a total of \$400.00 plus tips. I have never been at an F Class Championship where there were not some tips earned.

There is a drawback – if you are not an experienced shooter/target puller, you will have to be trained. If we furnish target pullers, they must be very efficient.

If interested let me know as soon as possible so we can make arrangements. It should be a good experience. Even if you cannot pull all the days, let me know and we can fill in with other folks. The thing is we either have a full complement or we will not furnish target pullers and your opportunity will be gone.
